

## General Hazard & Risk Assessment

<b>Assessed by:</b> Debora Griffin	<b>Date of assessment:</b> 12 <sup>th</sup> April 2022
<b>Signed:</b>	<b>Date of next review:</b> 11 <sup>th</sup> April 2023

Hazard classification [severity s]	Likelihood of occurrence [probability p]	Criticality number [c/no]
<b>1 - None.</b> <b>2 - Minor injury.</b> <b>3 - Major injury.</b> <b>4 - Major injury/death.</b> <b>5 - Multiple deaths.</b>	<b>1 - Extremely unlikely.</b> <b>2 - Very unlikely.</b> <b>3 - Unlikely.</b> <b>4 - Likely.</b> <b>5 -Very likely.</b>	<b>L - Low</b> <b>1-8</b> <b>M- Medium</b> <b>9-17</b> <b>H- High</b> <b>18-25</b>

Potential risk/hazard	Result of occurrence	Known problems	Precaution taken to control the risk	S	P	C/No	Risk level	Further action required
<b>Fire hazards.</b>	Danger to visitors and employees in the vicinity of the fire.		Fire detection and prevention in place, emergency evacuation and general training in place, fire policy in place and fire marshals trained to assist. Smoking restricted to designated areas.	5	2	10	M	Continual training and monitoring of systems.
<b>Electrical hazards.</b>	Burns and possible fatalities to visitors and employees.		P.A.T. testing programme in place, R.C.D. protection in all play areas and rides. All electrical sockets placed out of visitors reaches or covered for safety.	4	2	8	L	
<b>Slips, trips and falls.</b>	Potential hazard of injuries to the bodies of visitors or employees.	Previous occurrences treated with remedial action.	Continual maintenance programme's in place, daily inspections, and independent inspections annually.	3	3	9	M	
<b>Hazards associated with adverse weather conditions. (e.g. wind, lightning and ice)</b>	Potential hazard of injuries to the bodiess of visitors or employees.		Operational instructions and procedures in place, management and supervisors trained to command the situation (close rides, areas or even the whole park if deemed too hazardous)	4	2	8	L	Continuous management and supervisory monitoring and checks.
<b>Accidents and injuries.</b>	Pain and distress caused to visitors or employees.		Management aware of various situations, employee's first aid trained. First aid facilities on site. Accident reporting and investigation procedures in place.	5	2	10	M	Continual training and supervisory monitoring.

## General Hazard & Risk Assessment

Potential risk/hazard	Result of occurrence	Known problems	Precaution taken to control the risk	S	P	C/No	Risk level	Further action required
<b>Lost children.</b>	Upset and distress to children and parents.	Children unintentionally separated from their family or carers.	All employees are trained and instructed on how to deal with the situation, and who to contact, staff always monitoring the entrance/exit gate during park opening hours. CCTV operated in all areas as an extra precaution.	2	4	8	L
